COLONIST SLEEPERS.

The Union Pacific Ry., also known as the Overland Route, has lately added to its service a number of new cars (which by the way are built by the World famous Pullman company) entitled colonist sleepers, and which for convenience and comfort are but little behind the Pullman palace car. The cars are designed for the use and comfort of the colonist, who with his family intend moving west to grow up with the country.

The orly difference between these cars and the regular first-class Pullman is that the Colonist sleeper is not uphoistered. There are fourteen sections in each car, and separate tolict rooms for ladies and gentlemen. At night, by means of aliding head boards and heavy jamask curtains, as much privacy is secured as if in the regular first-class sleeper. Plenty of fresh, clean towels and a good supply of water are also to be found. A uniformed porter accompanies each car to look after the comfort and attend to the wants of pasengers, and no smoking is allowed. It certainly seems that for chesap and commorlous aleeping accountsofations, while traveling, these cars cars cannot be excelled. Notice is hereby given that the following named settler has filed notice of his intention to make final commutation proof in support of his claim, and that said proof will be made before clerk of the district court of Thomas county, Kas., at Coby, Kansas, on Oct. 5, 1889, viz: H. Every time Mamie goes over to the Allens' she comes back and teases me to get you to take Demorast's Family Magazine, as the stories are so good. Even the boys watch for it every month, as a place is found for them also in its pages; and Mr. Allen swears by it. It is really wonderful how it suits every member of the family?"
